LIGHTING
LED OYSTER LIGHT

emerald planet

OYSTER TRI-COLOUR SERIES

Emerald's LED Oyster Lights are a highly-efficient, complete luminaire replacement for older fluorescent oyster fittings.

With convenient switchable tri-colour temperature technology, the Oyster light gives you the flexibility to match existing lighting colours and provide your customers with additional options.

The built in dual motion & lux sensor is easily controlled by the Emerald Universal Remote Control (sold separately).
The handheld remote switches the sensor on & off and adjusts hold time, stand by periods and stand by dimming levels.

FEATURES

- Broad 120° beam angle
- Suitable for residential and commercial applications
- Motion and daylight sensor
- Range of wattage and size options
- IP54 rating
- Switchable tri-colour (3000K, 4000K and 5000K)
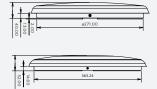

Remote control EP-UNIV-R
